Amendment and Response Dated July 12, 2004

PATENT  
3596.02-2

Applicant has amended the prior Claims 1-29 by cancelling those claims and has presented amended Claims 30-59. These claims recite vegetable oils as the combustible fuel source. The remainder of the claims are similar to the claims allowed by the USPTO in the parent application.

With these amendments Applicants argue that the Examiner's concerns have been overcome and the now pending claims are of a form and scope for allowance.

Prompt notification thereof is respectfully requested.

### SUMMARY

Applicants assert these claims are now of a form and scope for allowance.

If additional fees are required for the filing of this document, the Commissioner for Patents is hereby authorized to charge or credit overpayment to Deposit Account No. 16-1331.

Respectfully submitted,
